PROFILE SUMMARY

Data Analyst with hands-on experience in Python, SQL, Excel, Power BI, Tableau, and AWS. Skilled in exploratory data analysis (EDA), data cleaning, dashboard development, reporting automation, data modeling, and business intelligence. Experienced in transforming complex datasets into actionable insights through visualization, KPI reporting, and analytical solutions. Strong understanding of statistical analysis, data quality validation, and stakeholder-focused reporting.

TECHNICAL SKILLS

Programming & Query Languages: Python, SQL (MySQL, SQLite)

Data Analysis: EDA, Data Cleaning, Data Validation, Statistical Analysis, Data Modeling

BI & Visualization: Power BI, Tableau, Power Query, DAX, KPI Reporting, Dashboard Development

Excel: Advanced Excel, Pivot Tables, VLOOKUP, XLOOKUP, Power Query, VBA, Macros

Data Science & Machine Learning: Unsupervised Learning, Linear Regression, Logistic Regression

Libraries: Pandas, NumPy, Matplotlib, Scikit-learn

Cloud: AWS EC2, AWS S3, AWS IAM, AWS VPC, Route 53, CloudWatch

Tools: Jupyter Notebook, Git / GitHub, Visual Studio Code, R Studio

WORK EXPERIENCE

AI Variant | Data Analyst Intern

August 2025 – Present

Project: E-commerce Sales & Delivery Analysis

- Performed exploratory data analysis (EDA) on sales and delivery datasets to identify trends, anomalies, and customer behavior patterns.
- Cleaned and transformed datasets using SQL and Excel, improving data consistency and reporting accuracy.
- Developed Power BI dashboards with Power Query and DAX to monitor KPIs and operational performance.
- Wrote SQL queries using JOINS, aggregations, filtering, and grouping to support business reporting.
- Conducted data validation and quality checks to ensure accuracy of analytical outputs.
- Generated business insights through reports and visualizations supporting data-driven decisions

CERTIFICATES

- Certificate Program in Data Analytics — NASSCOM
 - Data Analyst Certification Program — ExcelR
 - Data Analyst Internship — AI Variant
 - Advanced Telecom Technologies Internship — BSNL
 - Power BI for Data Analysts — Microsoft Learn
 - Cyber Security Training — NPTEL
 - Python Intermediate Certification — SoloLearn
-

PROJECTS

Adventure Works – Sales & Profit Analysis

Tools: SQL | Power BI | Excel | Tableau

- Performed EDA on 60K+ sales records (2010–2014) using SQL joins & aggregations
 - Built Power BI dashboards using Power Query & DAX for Sales, Profit, Cost & Margin KPIs
 - Created Tableau dashboards for customer, product, and regional performance analysis
 - Cleaned and transformed datasets in Excel to support business decision-making
-

Bank Loan Customer Analytics

Tools: SQL | Power BI | Excel | Tableau

- Analyzed loan and transaction datasets using SQL and Excel
 - Built interactive dashboards to monitor a 31.1M loan portfolio, repayment, and credit risk
 - Performed EDA to identify customer behavior and repayment patterns
 - Generated business insights through data visualization and reporting
-

IPL Match Winner Prediction (Machine Learning)

Tools: Python | Pandas | Scikit-learn | XGBoost | LightGBM

- Built predictive models using XGBoost, LGBM, SVM, and KNN algorithms
 - Applied feature engineering using team strength, venue impact, and head-to-head statistics
 - Achieved 64% prediction accuracy and evaluated models using cross-validation
 - Developed a web application to predict match outcomes
-

EDUCATION

Potti Sriramulu Chalavadi Mallikarjuna Rao College of Engineering & Technology

BTech in Electronics & Communication Engineering | GPA: 8.67 | Nov 2021 – Apr 2025

Narayana junior college

Intermediate | GPA: 9.08 | Jun 2019 – Apr 2021

Sri Chaitanya School

SSC | GPA: 9.0 | Jun 2018 – Apr 2019

LANGUAGES

- English — Professional Proficiency
- Telugu — Native / Bilingual
- Hindi — Working Proficiency
- German — Beginner (A1)
